## Police suggest Operation ID for crime prevention

Operation Identification, or Operation ID, is a citizen's burglary prevention property identification program for use in homes and businesses. Operation ID involves the marking of property with an identifying number as a means of discouraging burglary and theft. This number also helps law enforcement agencies identify your property should it be lost or stolen.

### What identification number should I use?

Mark your valuables by inscribing your driver's license number and state identifier (CA for California). If you do not drive, mark your valuables by engraving your California Identification Card number, which can be obtained from the State Department of Motor Vehicles.

### What property should I engrave?

All items that might be attractive to a thief, such as radios, televisions, camera equipment, stereos, small appliances, tools and sports equipment, should be marked.

### Where do I get an engraver?

To mark your property, call your local police department to borrow an electric engraving tool. Return the engraver within the loan agreement time so other can use it. You can also purchase an engraving tool at hardware, department, and variety stores. They are relatively inexpensive.

### Where should I make the engraving?

One of Operation ID's objectives is to warn burglars away. Do not try to hide the fact that an item has been

engraved. Mark items as conspicuously as possible without defacing them. Make sure it is permanently affixed to the item and not on removable parts. For further protection, engrave some items a second time in a more obscure spot.

### How do I use the engraver?

When engraving, hold the tool straight up and down. The engraving tool can be adjusted for surface differences. Practice using the engraving tool before you mark your property.

### How do I keep an inventory of the engraved items?

Make a list of the engraved items including the make, model, size, color, and serial number, as applicable. Also, record the exact spots where you have engraved the items. You should keep this record at home for reference and additions. Also keep a copy in a secure place as a safe deposit box.

### How do I obtain and display my Operation ID sticker?

After marking your property, you should display an Operation ID sticker near every entrance to your home. The stickers can be obtained from your local police or sheriff's department crime prevention unit.

## TRICARE Prime re-enrollment is now automatic

Re-enrolling in TRICARE Prime has never been easier. TRICARE Prime active-duty family members are now automatically re-enrolled at the end of their enrollment year.

Here's how TRICARE Prime automatic re-enrollment works:

If you are in TRICARE Prime, you will receive a re-enrollment notice in the mail 30 days before the end of your enrollment year. If you are an active-duty family member and want to keep TRICARE Prime for another year, you don't need to sign or return anything. You will automatically be re-enrolled.

Other TRICARE members who pay an annual enrollment fee (retirees and their family members, survivors, and eligible former spouses) will still need to send in their payment along with their re-enrollment notice. Your enrollment fee can be paid all at once or in quarterly payments. Reminder notices will no longer be mailed. Please note the due date on your billing statement. If you do not send in your enrollment fee at the time of your annual renewal, you will not be re-enrolled. If you change your mind, you may re-enroll in TRICARE Prime at any time. Your new TRICARE Prime ID cards will not have an expiration date on them. However, the card will only remain valid as long as you are eligible and enrolled in TRICARE Prime. Retirees and their family members, survivors, and

eligible former spouses must continue to pay their enrollment fees to remain enrolled in TRICARE Prime. If you DO NOT want to be enrolled in TRICARE Prime for another year, simply indicate it on your re-enrollment notice. Then, return your re-enrollment notice to Foundation Health Federal Services or your local TRICARE Service Center. If you choose not to re-enroll in TRICARE Prime you will be automatically covered under TRICARE Standard or TRICARE Extra, as long as you are eligible for TRICARE.

Be sure you receive your re-enrollment notice by letting both FHFS – or Queen's Health Care Plan in Hawaii – and the Defense Enrollment Eligibility Reporting System know of any address changes. TRICARE contractors have access to DEERS, but are unable to make address changes. DEERS can be reached by calling (800) 334-4162 in California or via the Internet at [addrinfo@osd.pentagon.mil](mailto:addrinfo@osd.pentagon.mil) or [www.tricare.osd.mil/DEERSAddress](http://www.tricare.osd.mil/DEERSAddress). You can let FHFS/QHCP know by calling (800) 242-6788 or visiting your local TRICARE Service Center.

For more information about TRICARE Prime and the re-enrollment process, stop by your nearest TRICARE Service Center or call (800) 242-6788. *(Courtesy of TRICARE Marketing Department of Foundation Health Federal Services)*

Research shows it's not because the successful couples love each other more, are more sexually compatible, or have more interests or values in common. What they do have are specific communication tools – techniques any couple can learn.

This workshop is for married or engaged couples who want to learn in a workshop format how to keep fun, friendship and intimacy alive; find a loving way out of disagreements; solve problems through teamwork; and deepen commitment to one another.

This is not therapy or an encounter group experience; couples will not be asked to talk about their personal concerns with the group.

# Department of Defense mails out quality of life survey to nearly 100,000 people

By Linda Kozaryn

American Forces Press Service

WASHINGTON – Want to tell the Pentagon brass what you think of military life? You may just get the chance to speak your mind.

Defense officials mailed quality of life surveys Sept. 13 to nearly 100,000 people throughout the military.

About 60,000 service members and 36,000 spouses will get to voice their opinion on everything from personnel tempo to child care. Defense Manpower Data Center officials are mailing questionnaires to individuals' home addresses.

The voluntary survey gives troops and family members a chance to make a difference, according to Gail McGinn, the Pentagon's principal director for personnel support, families and education.

"We want to know what their concerns are and what things we need to work on so that we can communicate that to the military leadership and to the Congress," she said. Compensation, education, spouse employment are areas DOD officials here have been trying to address with policy and program changes, McGinn said. "We'd like to know what people now think about those things and what we might be able to do that would make them even better."

Defense Secretary William Cohen, Deputy Secretary John Hamre, as well as the service chiefs, commanders, state representatives and senators — even the president, will be interested in hearing what the troops and spouses have to

say, McGinn emphasized. Preliminary results will be available by spring, and all of the survey data is slated to be posted by summer on a DOD Internet Web site.

Overall, she said, survey results will affect military life for years to come. Defense officials will use the data to construct quality of life policies, programs and services. They'll cite the results when seeking congressional support for such initiatives as higher pay and better benefits. Service member and family concerns will be reflected in decisions affecting the way the military does business.

"What we'd really like is for people to fill out the survey as soon as they get it," she said. "We think it will take about 30 minutes. That's a long period of time for people to take out of their day, but this is a very important survey — this is a big deal. This is the definitive DOD survey of all service members from all services and families."

DOD officials randomly selected people from all ranks and services to provide a well-rounded sample, McGinn noted. Those asked to complete the survey represent themselves and their peers. "We know that when people speak, we can assume they're speaking for other people who are in similar circumstances," she said. Taking the time to complete the survey "will be a great service to everybody in the DOD community."

Individual troop and spouse responses to the questions remain confidential. Names are not required on the questionnaire. "We never use any identifying information on individuals at all, and we never have," McGinn said.

## Program offers fully funded law school opportunity

Under the Army's Funded Legal Education Program, eligible Army officers may attend law school at government expense, while remaining on active duty. The Office of the Judge Advocate General is now accepting applications for the FLEP program. As many as 15 officers may be selected this year. Selected officers will attend law school beginning in August 2000 at a school where they qualify for in-state tuition.

To be eligible, interested officers must have at least two but not more than six years of total active federal service — including enlisted time — at the time they begin law school, and must be in the rank of second lieutenant through captain. The application process and

program details are contained in Chapter 14, Army Regulation 27-1, The Judge Advocate Generals Funded Legal Education Program. **Service and grade limitations are governed by federal law and may not be waived.**

Applicants should plan to take the Law School Admission Test as soon as possible. AR 27-1 provides specific guidance on how to prepare the FLEP application.

All applications must be sent through command channels to the appropriate PERSCOM branch manager, with a copy furnished to the Office of the Judge Advocate General, ATTN: DAJA-PT, 1777 North Kent Street, Rosslyn, VA 22209-2194. **Applications must be received by Nov. 1.**

The program is highly competitive. Last year's average selected officer placed in the top third, nationally, on the LSAT and had a college grade point average of 3.30.

Interested officers should contact Lt. Col. John Phelps, staff judge advocate, at 242-5080.

All applicants must be interviewed by the nearest active duty SJA as part of the application process. The Army Historical Foundation, a non-profit, tax-exempt organization, is dedicated to preserving the history and heritage of the American soldier. Its goal is to promote greater public appreciation for the contributions that America's Army — Active, Reserve and National Guard — has made to the nation in 224 years of service. The foundation is the principal fundraiser to build the national museum for the Army, which is planned for the Washington, D.C. area.

The foundation's additional goals are to refurbish historical Army buildings; acquire and conserve Army historical art and artifacts; support Army history education programs, research, and publication of historical materials on the American soldier; and to provide support and counsel to private and governmental organizations committed to the same goals as the foundation.

The AHF Distinguished Writing Award program was established in 1997 to recognize authors who make a significant contribution to the preservation and promotion of the history of the American soldier. Each year nominations are submitted to the Awards Committee by publishers and AHF Members. A small group of finalists are selected in each category, and a final judging made.

More information on the Foundation and its activities can be found at its web site: [www.armyhistoryfnd.org](http://www.armyhistoryfnd.org). The AHF can also be contacted via email at [ArmyHstFnd@aol.com](mailto:ArmyHstFnd@aol.com). (Courtesy of the Army Historical Foundation)

## Want to place an ad?

### Explanation of classified ad policy

The following information is provided to explain and clarify policy for individuals who would like to publish classified ads in POM-Mart.

Military members, retirees and Department of Defense civilian employees with valid identification cards are authorized to place classified ads in the Community News.

To place an ad in the Community News, complete the form on the back page of the Community News and deliver it to the Public Affairs Office, Building 614, Room 142, Presidio of Monterey, 93944. Ads may also be sent via e-mail to the editor at [wright@pom-emh1.army.mil](mailto:wright@pom-emh1.army.mil). Individuals should be sure to include all information requested on the form, including the category of the ad.

Daytime work telephone numbers are for use by Community News staff only; they will not be listed in ads. Individuals may place up to three ads per household in different categories per issue. **Each ad should not exceed 35 words; itemized property for sale should be valued at least \$10.**

The Community News staff will make every effort to publish ads accurately, but we reserve the right to edit ads to meet readability, format and space requirements. Report typographical errors to the editor, and they will be corrected in the next available issue.

Acceptable classified ads include items in the categories of Autos; Motorcycles; Trucks, Vans, Sport, RVs; Wanted; Sports Equipment; Entertainment, Music Items; Computers and Accessories; Lost and Found; Miscellaneous; Pets or Household Items. Items must be for one-time sale or for free – not for a profit-sharing venture of multiple items. The Community News does not take responsibility for items advertised.

Classified ads for businesses, rentals, free information, help for hire or tutoring, or illegal items are not authorized. Each ad will be published in **three** consecutive issues unless it is renewed or cancelled.

The date the ad was first published is printed in parentheses following each ad. For example, ads dated (09-24) will continue to run through the Oct. 22 issue. Classified ads may be renewed or cancelled by phone; however, new ads, additions or major changes to ads must be done in writing before the Wednesday deadline for the next issue. **Deadlines are generally a week and a half prior to the next publication.** When calling in reference to an ad, be sure to identify the category, first few words of the ad, phone number as printed and the date following the ad.

**Deadline for the Oct. 8 issue is Wednesday; deadline for the Oct. 22 issue is Oct. 13.**

Please refer questions concerning this policy to the editor of the Community News at the Public Affairs Office, at 242-5104 or 242-6426.
